

SWD-DASWizard

Data Acquisition Direct to Excel Software

\$149
Basic Price

- ✔ **Bring Data Directly into Excel Without Programming**
- ✔ **Easy-to-Use Single Screen Interface**
- ✔ **Automate Measurement and Control Using VBA**
- ✔ **Works with OMEGA's CIO-DAS and PCI-DAS Family of Plug-in Boards**

SWD-DASWizard is a powerful add-in for Microsoft Excel, which allows you to bring data directly into the cells of an Excel spreadsheet. Data can be acquired from external sources using an analog input, digital input or a temperature input of the supported data acquisition boards. Conversely, data from a spreadsheet can be output to an analog output or digital output board. You do not have to write a single line of code to perform any data acquisition task.

Easy-to-Use Dialog Box Interface

When SWD-DASWizard is added to Microsoft Excel, its easy-to-use dialog box can be displayed from

Excel's menu bar. You can configure a variety of data acquisition tasks and execute them through this dialog box. It features context sensitive on-line help so you never have to flip the pages of a voluminous manual.

Program Using Visual Basic for Applications (VBA)

VBA is the Visual Basic programming language included with most Microsoft products. You can execute data acquisition tasks from within a VBA module by calling a function in SWD-DASWizard. This allows you to develop a sophisticated data acquisition program very easily; for example, you could create a variety of tasks using SWD-DASWizard and then control their execution through your VBA code. You can

develop your own user interface and execute tasks in the active workbook through that interface. Your VBA code can respond to one or more events that occur within Excel, for example, a workbook being opened or closed, a cell in a worksheet being edited. The possibilities are endless!

Specifications

Data acquisition speed:

Full Speed of data acquisition hardware

Data size:

Limited only by Excel spreadsheet size

System Requirements:

Excel 95/97/2000/2002, Windows 95/98/NT/2000/XP

Data Acquisition Hardware Supported:

CIO-DAS and PCI-DAS family of plug-in boards

To Order (Specify Model Number)		
Model Number	Price	Description
SWD-DASWizard	\$149	Easy-to-Use Excel Add-in for Data Acquisition

SWD-DASWizard is provided on 3.5 inch disks and includes an on-line operator's manual.

Ordering Example: SWD-DASWizard software, \$149.

More than 100,000 Products Available!

• Temperature

Calibrators, Connectors, General Test and Measurement Instruments, Glass Bulb Thermometers, Handheld Instruments for Temperature Measurement, Ice Point References, Indicating Labels, Crayons, Cements and Lacquers, Infrared Temperature Measurement Instruments, Recorders Relative Humidity Measurement Instruments, RTD Probes, Elements and Assemblies, Temperature & Process Meters, Timers and Counters, Temperature and Process Controllers and Power Switching Devices, Thermistor Elements, Probes and Assemblies, Thermocouples Thermowells and Head and Well Assemblies, Transmitters, Wire

• Flow and Level

Air Velocity Indicators, Doppler Flowmeters, Level Measurement, Magnetic Flowmeters, Mass Flowmeters, Pitot Tubes, Pumps, Rotameters, Turbine and Paddle Wheel Flowmeters, Ultrasonic Flowmeters, Valves, Variable Area Flowmeters, Vortex Shedding Flowmeters

• pH and Conductivity

Conductivity Instrumentation, Dissolved Oxygen Instrumentation, Environmental Instrumentation, pH Electrodes and Instruments, Water and Soil Analysis Instrumentation

• Data Acquisition

Auto-Dialers and Alarm Monitoring Systems, Communication Products and Converters, Data Acquisition and Analysis Software, Data Loggers Plug-in Cards, Signal Conditioners, USB, RS232, RS485 and Parallel Port Data Acquisition Systems, Wireless Transmitters and Receivers

• Pressure, Strain and Force

Displacement Transducers, Dynamic Measurement Force Sensors, Instrumentation for Pressure and Strain Measurements, Load Cells, Pressure Gauges, Pressure Reference Section, Pressure Switches, Pressure Transducers, Proximity Transducers, Regulators, Strain Gages, Torque Transducers, Valves

• Heaters

Band Heaters, Cartridge Heaters, Circulation Heaters, Comfort Heaters, Controllers, Meters and Switching Devices, Flexible Heaters, General Test and Measurement Instruments, Heater Hook-up Wire, Heating Cable Systems, Immersion Heaters, Process Air and Duct, Heaters, Radiant Heaters, Strip Heaters, Tubular Heaters
