

Biohazard Autoclave Gloves **Safely Unload Your Autoclave**

Product Discontinued

LAB-13201 Series

These soft, pliant, all-cotton terry cloth gloves are superb for handling hot objects out of the autoclave or oven, or for other heat protection in the lab, school or industry. Heat-resistant up to 232°C (450°F), they replace hazardous asbestos gloves. Gauntlets in two lengths provide wrist and forearm protection, and the bright orange color offers high visibility. Machine wash, air dry. Sold individually.

Shown smaller than actual size.

To Order

Model No.	Gauntlet Length	Overall Length
LAB-132010000	13 cm (5")	33 cm (13")
LAB-132010001	28 cm (11")	47 cm (18.5")

Note: Gloves are not waterproof and should not be used to handle dry ice.
